

## Early Literacy

Here are some basic strategies when choosing books for your preschooler

- any books with repetitiveness (i.e. repeated words/phrase throughout the story),
- nursery rhymes or songs in book form,
- simple text (2-4 words per page)
- books with child's interests or favorite character
- phonics readers or "Early reader" or "I Can Read" books
- National Geographic Kids (the ones with a sentence on each page, less wordy than others-be mindful some are wordier than others)

Create an alphabet book with your child using "environmental print"

(logos with words)
