Parent Tips

*Early Literacy songs and nursery rhymes help build some of the foundational literacy skills your child will need-use our monthly sheets if you need inspiration or share some of your childhood favorites with your child. 😊

*Bedtime Routines-create a bedtime routine or ritual to help make bedtime transitions smooth. Providing a routine bedtime also helps with your child's emotional regulation.

*AAP suggest children 3-5 years old should sleep 10-13 hours (including naps) per 24 hrs. "to promote optimal health"
